

Certificate of Originality

Pen number #982 is a handcrafted original. The body of the pen is made from authentic vintage stamps hand applied wood barrels and custom fitted to the chrome plated metal components. The stamps are from the 1920s and 30s. Note when reattaching the cap, it can be properly alined so the red stamps match.

The pen uses a standard rollerballrefill available at most office supply stores. Unscrew the nib section to access and replace the refill.

Hand-crafted pens by Gary Hughes

Pens are available at Treasure Hunt Antique Mall, Powder Springs, GA
